RE: Permit #ACT 015-032
Amendment to incorporate LBA #9, Federal Lease UTU-68082, into
the Mine and Reclamation Plan

Dear Mr. Haddock:

Please find attached with this letter three (3) copies of the complete Mine and Reclamation Plan including information, documentation, calculations, appendices, and plates which incorporate the new Federal Lease UTU-68082. This package is submitted for your review for Administrative completeness and technical completeness.

As agreed upon, this amendment is submitted prior to the sale of the Lease. That sale has been determined by the BLM to be held on December 29, 1993.

Genwal is sending you a complete Mine and Reclamation Plan with new binders. This should simplify things since every chapter has been revised to reflect the new lease. Volumes have increased from six (6) volumes of the approved plan to eight volumes of this amended plan.

To eliminate some confusion between the approved plan and this submittal, cover sheets for this plan have been revised to incorporate the words "LBA#9 AMENDMENT". After this plan has been approved, new cover sheets will be sent to replace those.

Should Genwal become the successful bidder and this amendment be approved, this new Mine and Reclamation Plan will replace the existing, approved Mine and Reclamation Plan as a whole.

Genwal also requests, in the near future, a meeting with you and

your staff to determine and timetable for review and comment of this amendment. This will help in a smooth turnaround of comments and actions taken by both Genwal and DOGM.

Should you have any questions or need additional information, please contact me at 687-9813.

Sincerely,
GENWAL COAL COMPANY

Larry W. Johnson
Engineer

R. Jay Marshall
Chief Engineer
